

URRC is Dissolved

This week the NC Legislature dissolved the Uwharrie Regional Resources Commission (URRC). The Act that formed the URRC is repealed, effective immediately. The URRC was created in 2010 as a last ditch effort by Sen. Fletcher Hartsell to keep alive the concept of a State take-over of the Yadkin Project. This concept has been the underlying agenda of most of the URRC members all along, although the HRLA was successful in getting the Commission to pass a resolution supporting our SWIPP report.

For an excellent summary of the URRC history, click on this link: <http://yadkinviews.com/profiles/blogs/uwharrie-regional-resources-commission-urrc-dissolved>.
